DESIGN STUDIO

Welcome to the Ka 'Umeke Kā'eo Design Studio!

Come and learn the Engineering Design Process through papakū makawalu, science, robotics, math, reading, writing, and art.

Papa 1 & 2: Tuesday –Friday 06-09 June, 8:00 a.m.—3:00 p.m.

Students will learn spatial visualization and building techniques while learning about simple machines, reinforcing math knowledge and skills, and writing short stories.

Papa 3 & 4: Monday-Friday 13-16 June, 8:00 a.m.—3:00 p.m.

Students will learn visualization and building techniques while learning about earth science, reinforcing their math knowledge and skills, and writing short stories.

There are only 20 spaces per week, so the first 20 students who complete the application below and pay the \$50 fee will participate. These classes are only open to current Ka 'Umeke Kā'eo students. Students will also need to bring morning and afternoon snack and lunch each day.

Cash and checks will be accepted. Please make checks payable to **Ka 'Umeke Kā'eo PCS**.

Design Studio will be held at Pa Hō'aka and taught by Kumu Kauī, mostly in English with some 'ōlelo Hawai'i.
